### Bluetooth hands-free "to go"...

Convert your cup holder into a state-of-the-art Bluetooth hands-free car kit with the EGO CUP, which can also be mounted on any other surface.

The installation only takes seconds - place the EGO CUP in the cup holder or velcro it to your dashboard - Done.

Unlike other self installed hands-free car kits, the EGO CUP uses technology which is normally only available in expensive and permanently installed systems.

- Made for easy self-installation
- Supports phone based voice commands
- 12 volt cigarette lighter adapter cable
- Built-in loudspeaker and noise cancelling microphone
- DSP technology for noise and echo cancellation
- Accommodates up to 8 Bluetooth pairings

### Ultimate hands-free "to go"...

The EGO CUP FM converts the cup holder into an unsurpassed multimedia Bluetooth hands-free car kit, which can also be mounted on any other surface.

The installation only takes seconds - place the EGO CUP FM in the cup holder or velcro it to your dashboard - Done.
